

Hampshire BDS Carriage Driving Route 2: Fritham to Frogham

Start :	The car park at Fritham (SU 230140) is usually busy in the summer and unsuitable for large vehicles; if you have a large box or trailer it is best to park at Janesmoor Pond (SU 246135) and drive along the road through Fritham. This adds an extra mile each way.
Distance :	Approx 9 miles (returning same way from Frogham)
Terrain :	Good gravel tracks off road. More hilly than Route 1 but not too steep. Lovely views over the forest from Fritham Plain and Hallickshole Hill.
Instructions :	<p>Set off south-west across Fritham Plain through a wooden bar-gate at the back of the car park (not through the iron bar-gate onto the cycle track). After 1 mile fork right through the gate into Sloden Enclosure. After 2/3 mile turn left through another gate and emerge onto Hallickshole Hill.</p> <p>Continue through Hasley Hill enclosure (you can go right or left about in the wood). Cross some rough sandy ground and through a bar-gate to pick up the track to Ogden's. Go through the bar-gate beside Ogden's car park. Cross the ford and take the track uphill to Abbots Well.</p> <p>You can return the way you came or use Route 1 for a circular alternative.</p>
Additional Information :	The Foresters pub at Frogham is 200 yds beyond the Abbots Well car park. You can tie up to the rail in front of it, where there is a bath of water to refresh your horse.
