Cross the river at Greenford Bottom and up into Great Linford enclosure. 50 yds after the exit gate, go through a bar gate (Post 71) and immediately turn sharp right towards Rockford Common. Keep straight ahead for 1 mile through two bar gates and eventually down a steep hill to the road where you turn right.</p> <p>At the Red Shoot inn turn left into Tom’s lane; follow it round to the right at the bottom where it gives way to gravel (with potholes!). Turn right after Dockens Water (Post 41) if you wish to visit the High Corner Inn. Otherwise continue on ahead into Broomy Enclosure, reaching a crossroads (Post 36) after a further mile where you turn right. Up the hill past Broomy Lodge you reach the road and turn left. After 300 yards you will see the way into Milkham car park on your right.</p>
Additional Information :	There are three corrals for horses at the High Corner Inn. These are reached by going up past the pub and through the upper car park on your right. There is a tap for water in the kitchen yard. Beware of the forest ponies who will want to share your haynet!
